- F. R. P. Grating

The brilliant mind behind the realm of cable trays is 'Bhupendra Hurde'. After completing his education, he spent a few years in the service sector. His ambition and determination towards entrepreneurship motivated him to sparkle in the cable trays industry. His knowledge, experience, and inventiveness reflect in what 'Sharda', 'Sai Seeya' and 'Globale' stand today.

My golden rule of business is that
I put myself in the shoes of customers
– Bhupendra Hurde

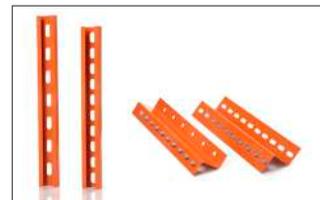

PERFORATED CABLE TRAYS can accommodate a large number of branch lines and have high load-bearing capacity. They can be hung or mounted on the wall. They are available with covers.

CABLE TRAY DUCTS OR TRUNKING are fabricated using premium quality raw material. They generally carry networking cables in IT and allied industries.

GI THREADED ROD AND FASTENER are utilised to hang the cable trays

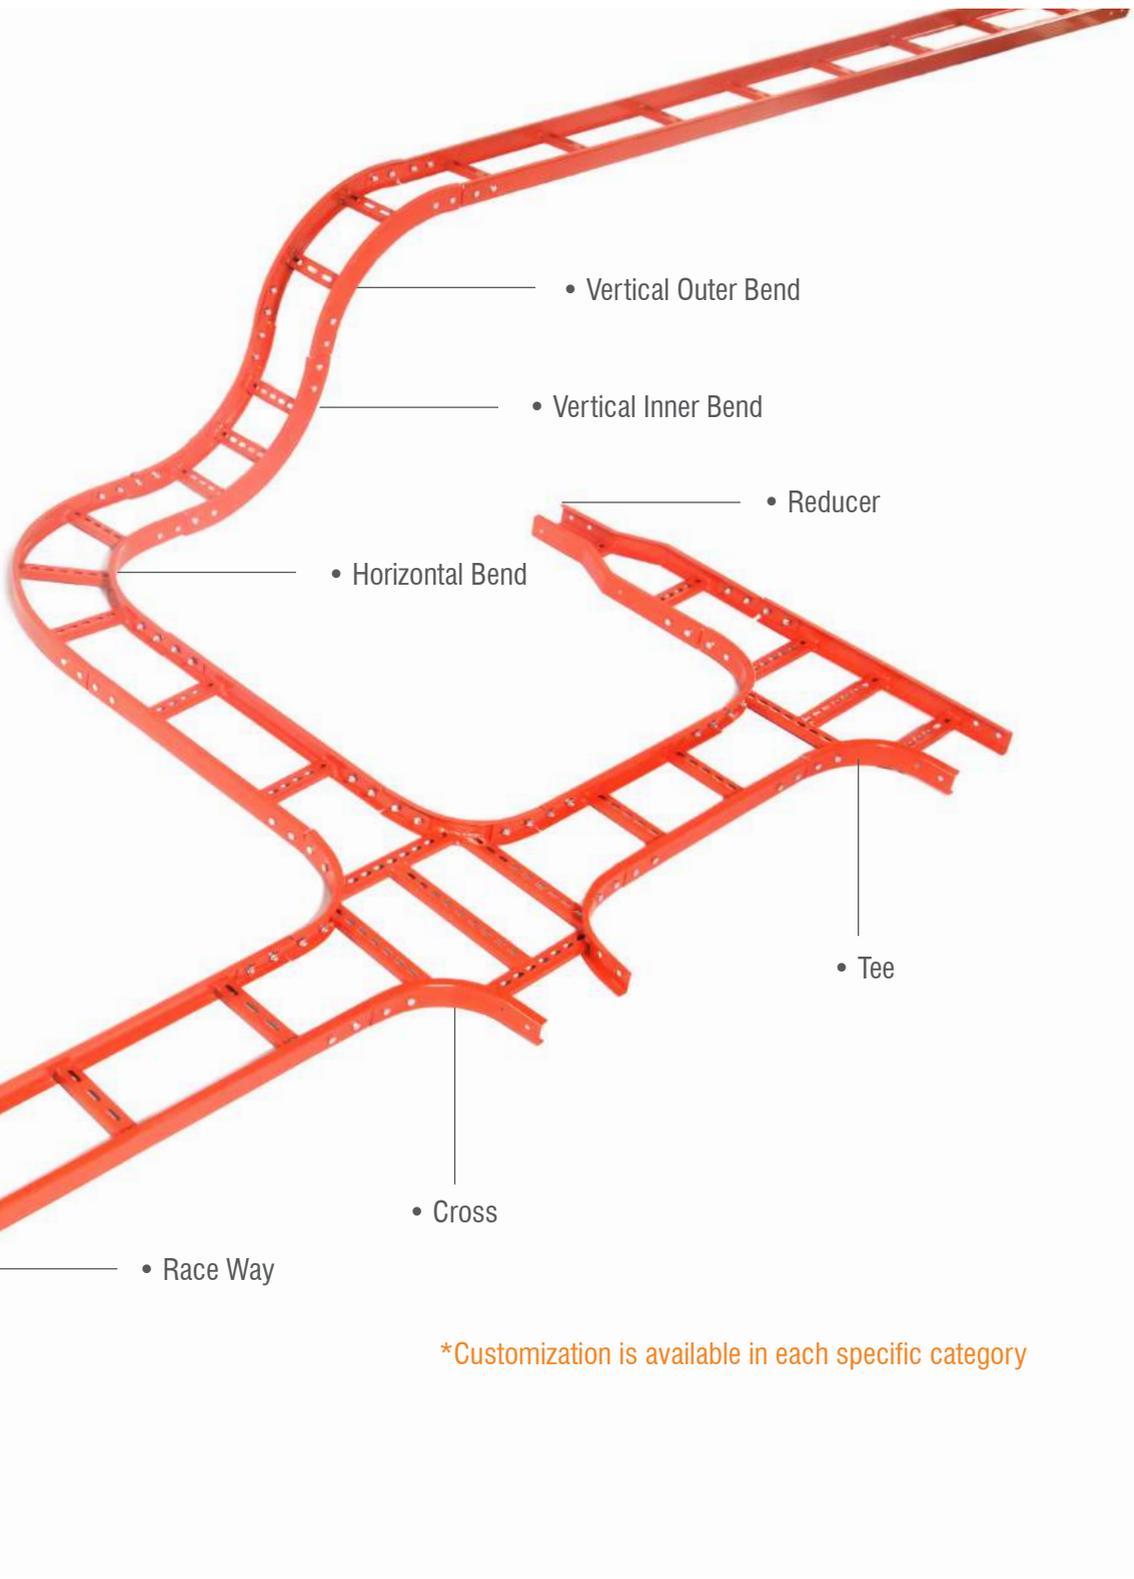

C CHANNEL AND Z CHANNEL give a path as well as support to the cable and are durable, corrosion-resistant with high tensile strength

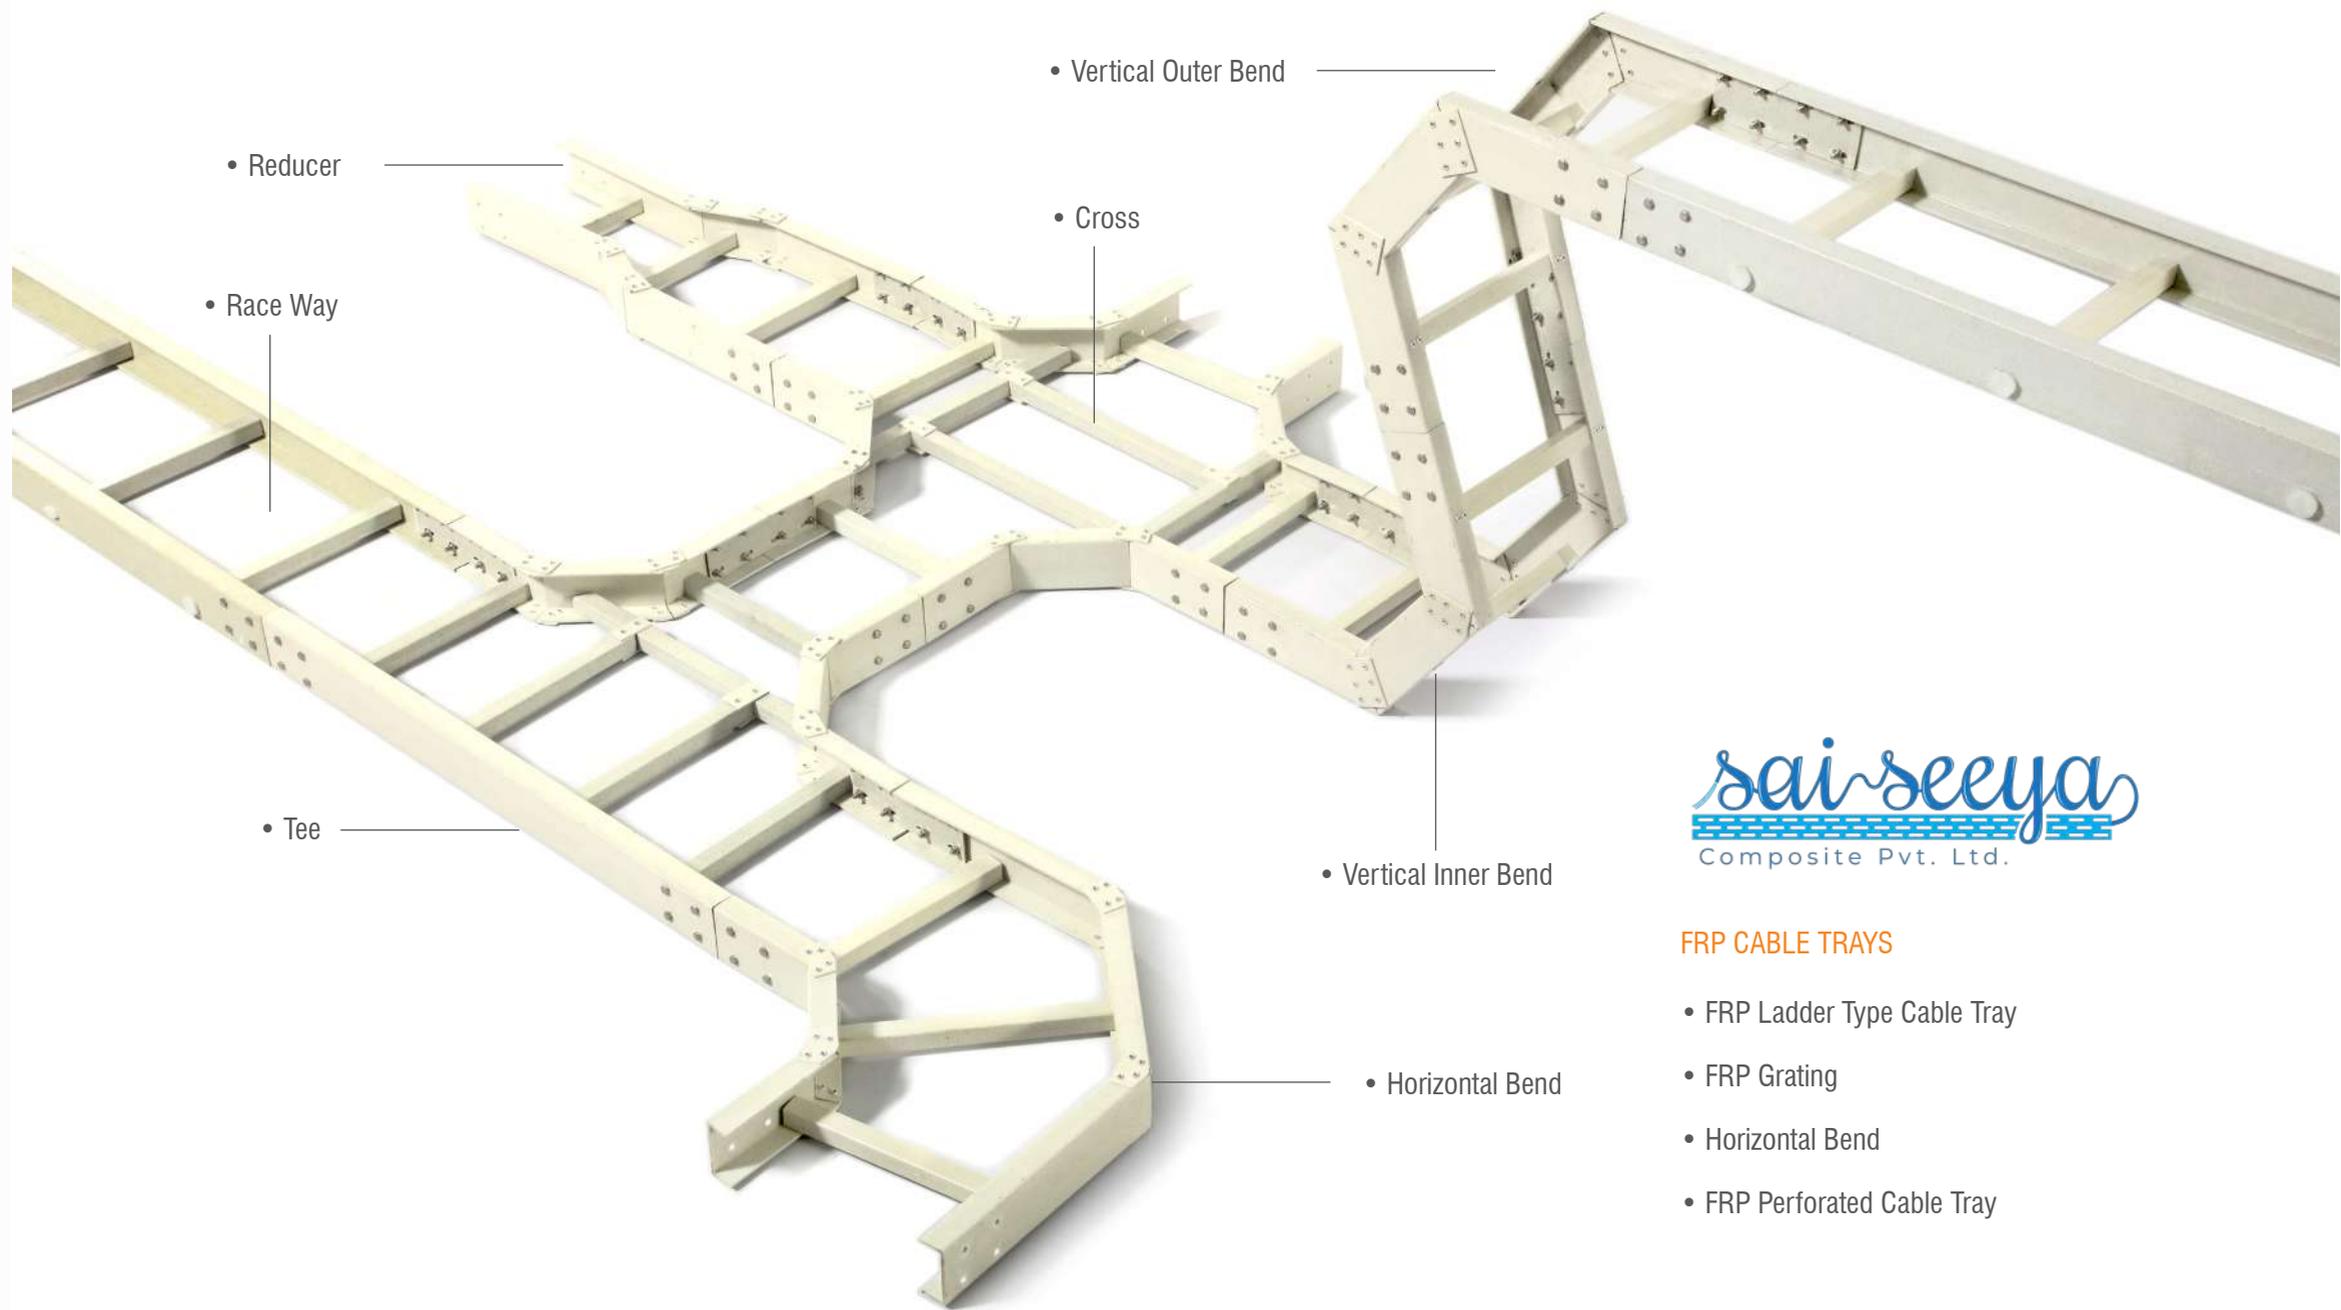

LADDER TYPE CABLE TRAYS

manage cables in residential or commercial complexes. They provide excellent ventilation and enhance the life of cables.

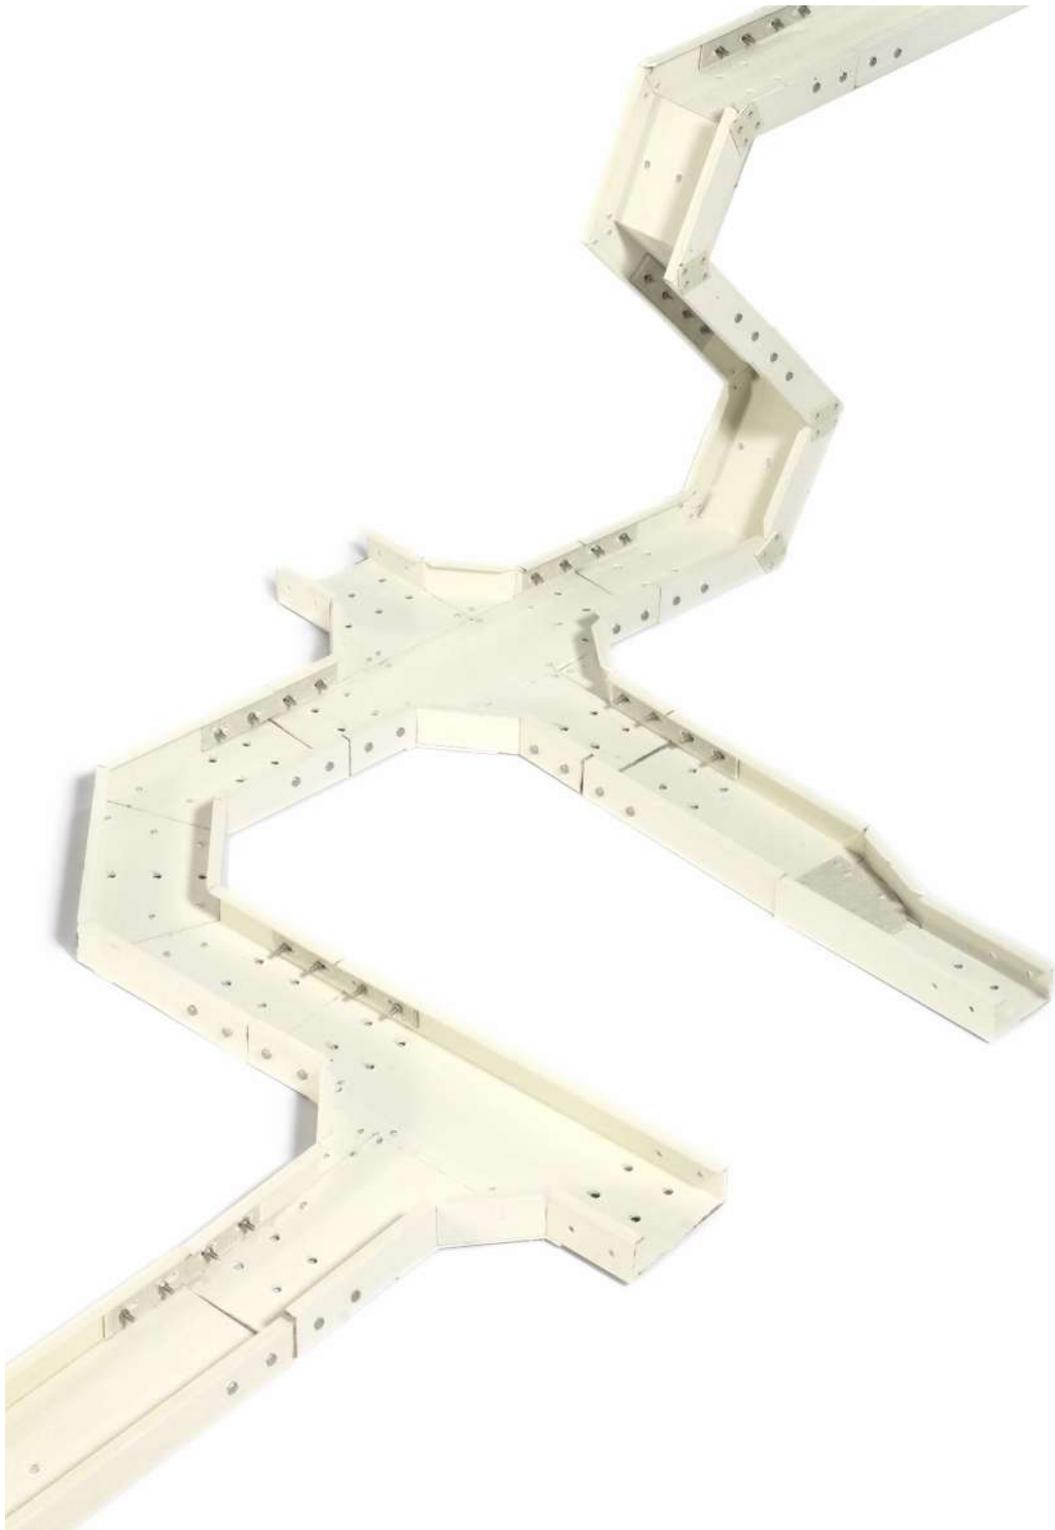

*Customization is available in each specific category
